SKINCU COLOR CHANGING LIPSTICK

The Seoul Set | 3 hooks + 1 main script | approx. 5:32

PART 1 | HOOKS

Three openers. All run to 00:14 and hand over to the shared body at 00:15.

HOOK A | Original

CLIP / TIME	SCRIPT
00:00	*ACTION: A makeup trailer on a film set. Danny moves in with a matte liquid lipstick. The Korean actress recoils, wide eyed.*
00:00	**HA-EUN:** NOT LONG WEAR! No, no no no!
00:02	**DANNY:** Sorry, what...
00:03	**HA-EUN:** Is that a long wear?
00:04	**DANNY:** It's the good one, it's what everyone uses back...
00:06	**HA-EUN:** Eun-hee! Eun-hee!
00:08	*ACTION: SLAP. The head artist knocks it out of his hand. It rolls across the concrete floor.*
00:09	**EUN-HEE:** Nobody in Korea uses long wear, Danny. We moved past that four years ago.

The source cold open, unchanged. A product being slapped out of a professional's hand in the first eight seconds is the strongest scroll stop in anything that has come through here. This is the control.

HOOK B | Eleven years

CLIP / TIME	SCRIPT
00:00	*ACTION: Danny stands in front of a mirror, stunned, his empty hand still raised.*
00:00	**DANNY (VO):** In eleven years, nobody has ever knocked a product out of my hand.
00:05	*ACTION: Quick flash of the slap, the tube rolling across concrete.*
00:05	**DANNY (VO):** I do makeup for women over fifty. It's my whole career. And I had it completely wrong.

Leads on his credential and the humiliation together. Slower, and it tells the viewer this is a story about an expert being wrong, which is a different promise than a slap.

HOOK C | Ten years

CLIP / TIME	SCRIPT
00:00	*ACTION: Los Angeles. A 54 year old woman in a chair puts her hand over her mouth, staring at the mirror.*
00:00	**CLIENT:** Danny. What did you just do to me?
00:03	**DANNY:** One swipe.
00:05	**CLIENT:** That is not one swipe. I'm fifty four years old. I haven't worn colour in ten years.
00:10	**DANNY (VO):** Three months earlier, a woman in Seoul knocked a product out of my hand.

Opens on the payoff scene in LA and then rewinds three months. Puts a woman the viewer recognises in the first five seconds instead of a film set. Worth testing precisely because it moves the entry point from spectacle to recognition.

PART 2 | MAIN SCRIPT (SHARED BODY)

Runs identically under all three hooks.

CLIP / TIME	SCRIPT
00:15	*ACTION: Danny in front of the mirror, empty hand raised.*
00:15	**DANNY (VO):** In eleven years, nobody has ever knocked a product out of my hand.
00:19	*ON SCREEN: THREE MONTHS EARLIER. Montage of Danny working in LA. A studio, a TV presenter, an elegant woman on a red carpet.*
00:19	**DANNY (VO):** I've done makeup in LA for over a decade. Film, television, red carpet, and almost all of it on women over fifty.
00:27	**DANNY (VO):** That's my whole career. Mature skin, mature lips. It's what I'm known for.
00:32	*ACTION: Danny wheeling a case through Incheon airport. A plane window above the clouds. Walking onto the K-drama set.*
00:32	**DANNY (VO):** In March they flew me to Seoul for one of the big K-dramas. Twelve weeks. Biggest job of my life.
00:39	**DANNY (VO):** I walked onto that set thinking I was the guy who knew what he was doing. That lasted a day and a half.
00:44	*ACTION: Danny powdering Ha-eun's cheeks in the chair.*
00:44	**DANNY:** Ha-eun, who does your lips? Is that a tattoo? Semi permanent?
00:48	**HA-EUN:** A tattoo?
00:49	**DANNY:** I want the name. I'll fly them to LA.
00:51	**HA-EUN:** Danny, this is mine.
00:53	**DANNY:** Sorry, what?
00:54	**HA-EUN:** It's mine. There's nothing on me.
00:55	*ACTION: Macro of Ha-eun's mouth, colour sitting perfectly inside the lip line. Danny looking around the trailer. Other Korean actresses with age overlays: 61, 64.*
00:55	**DANNY (VO):** I thought she was covering for somebody. Then I looked around that trailer. Every woman on that set had it.
01:02	**DANNY (VO):** Ha-eun is sixty four.
01:08	*ACTION: Long shoot days under hot lights. Monitors. At 19:00 an artificial rain scene, wet hair, water running down her face.*
01:08	**DANNY (VO):** Fourteen hour days under those lights, two costume changes, and a rain scene.
01:14	*ACTION: Macro. Her mouth. The colour exactly inside the lip line, nothing in the lines around it.*
01:14	**DANNY (VO):** And at hour twelve, her mouth looked exactly like it had at seven in the morning.
01:20	*ACTION: Danny watching, thoughtful, while another artist touches her up.*
01:20	**DANNY (VO):** And I'd spent eleven years telling women over fifty that in the lines by lunch is just what happens.
01:27	**DANNY (VO):** So if a woman that age still has her colour at midnight, it has to be permanent. It has to be.

CLIP / TIME	SCRIPT
01:31	*ACTION: Back to the incident. Danny takes the matte liquid out of his kit. A young Korean assistant tries to stop him.*
01:31	**ASSISTANT:** Oh. Sorry. Sorry, not that one.
01:34	**DANNY:** Sweetheart, I've been doing this eleven years.
01:37	**ASSISTANT:** Eun-hee?
01:39	**EUN-HEE:** Wait. What is that?
01:44	**DANNY:** Have you seen this? Everybody uses long wear in the States. Everybody. It's the good stuff.
01:50	**EUN-HEE:** Long wear? You still use long wear?
01:54	**DANNY:** ...Yes?
01:55	**EUN-HEE:** Nobody in Korea uses long wear, Danny. We moved past that four years ago.
01:59	**DANNY:** Okay, but long wear is the technology. It grips the lip instead of sitting on it.
02:04	**EUN-HEE:** Yes. It was good. It had its time. Sit down for a minute.
02:08	*ACTION: Eun-hee takes the cap off and turns it in her hand.*
02:08	**EUN-HEE:** Long wear came from here. We built it.
02:12	**DANNY:** Yes, I know. That's why I'm so confused right now.
02:15	**EUN-HEE:** It was a real upgrade. It grips the lip, holds all day, doesn't transfer.
02:20	*ACTION: 3D animation. On a smooth young lip the film grips evenly. On a mature lip it catches on the dry patches and slides into the fine lines above the lip.*
02:20	**EUN-HEE:** But a film needs something smooth to grip. On a young lip it grips. That's who it was built for.
02:29	**EUN-HEE:** On a lip that's changed, there's nothing smooth to grip. So it catches on the dry patches, and it finds every line you have.
02:42	**DANNY:** So on my clients...
02:44	*ACTION: Insert. A woman over 50 looking perfect in the salon chair. Cut to the same woman at lunch, colour sitting in the lines around her mouth.*
02:44	**EUN-HEE:** On your clients it does nothing. Looks fine in the chair. In the lines by lunch.
02:49	**DANNY:** That explains about four hundred appointments.
02:51	*ACTION: An older woman scrubbing at her mouth with a wipe. Close on the wipe.*
02:51	**EUN-HEE:** And then every night, they scrub it off. The part everybody calls easy removal. And by morning their lips are drier than they started.
02:59	**EUN-HEE:** That's eleven years, Danny.
03:01	**DANNY:** That's a horrible thing to be right about.
03:04	*ACTION: Eun-hee unzips her black case and takes out a slim tube. She uncaps it. The bullet is completely clear.*
03:04	**EUN-HEE:** This is in every kit on this floor.
03:08	**DANNY:** There's no colour in it.
03:10	**EUN-HEE:** No. Long wear paints a colour on and hopes it stays. This one has nothing to paint on with.

CLIP / TIME	SCRIPT
03:17	**EUN-HEE:** It reads the pH of her own lips and builds her colour out of that. Then it binds to the tissue instead of gripping the surface.
03:26	**DANNY:** So there's nothing sitting on top to travel.
03:29	**EUN-HEE:** Nothing. That's the whole difference. Long wear takes. This doesn't take anything.
03:35	*ACTION: Close on Ha-eun's mouth. The fine lines above her lip are clearly visible. The colour sits inside the lip line and never crosses it.*
03:35	**DANNY:** And the lines?
03:37	**EUN-HEE:** Still there. Look at her. They're hers and they're staying. The colour just isn't in them.
03:43	**EUN-HEE:** That's why Ha-eun is sixty four and still wears colour. It isn't genetics. Nothing in her kit has taken anything from her in four years.
03:51	*ACTION: Time lapse clock. 07:00 one swipe. 11:00 and 15:00 shooting in different costumes. 19:00 the rain scene. 21:00 Danny inspecting with a brush.*
03:51	**DANNY (VO):** One swipe, thirty seconds. Fourteen hours, two costume changes, and a rain scene.
04:00	**DANNY (VO):** At nine at night I went in with a brush to fix it. There was nothing to fix.
04:09	**HA-EUN:** So? What do you think?
04:11	**DANNY:** Honey. I have never seen anything like this in my life.
04:17	*ACTION: Eun-hee drops six clear tubes into Danny's case. He closes it grinning.*
04:17	**DANNY:** Eun-hee, I have so many mature clients who are going to cry.
04:22	**EUN-HEE:** Take six.
04:34	*ACTION: Back in Los Angeles. A 54 year old woman with a blonde bob stares at the mirror, hand over her mouth.*
04:34	**CLIENT:** Danny. What did you just do to me?
04:37	**DANNY:** One swipe.
04:39	**CLIENT:** That is not one swipe. I'm fifty four years old, that is not one swipe. I haven't worn colour in ten years.
04:47	**DANNY:** You do now.
04:54	*ACTION: Quick montage of several older women of different ethnicities looking at themselves and asking the same thing.*
04:54	**WOMEN:** Where has this been? Where has this been? Why does nobody here have this?
04:58	**DANNY (VO):** Same three words. Every single time.
05:00	*ACTION: Danny holds his phone up beside her face, showing a photograph from June. Same mouth, same lines, colour bled past the lip line.*
05:00	**DANNY:** That's you in June.
05:03	**CLIENT:** No. Danny, no.
05:05	**DANNY:** Look at the edges.
05:07	**CLIENT:** Oh my god. That's the same mouth. Same lines. It's just not in them.
05:14	**CLIENT:** Okay, where do I get it? Don't tell me it's only in Korea.
05:18	**DANNY:** It's called Skincu. It's on their site.

CLIP / TIME	SCRIPT
05:21	**CLIENT:** That's it?
05:22	**DANNY:** That's it. Buy one get one free at the moment, and thirty days to send it back.
05:27	**CLIENT:** Spell it.
