SKINCU COLOR CHANGING LIPSTICK

One Swipe, Then Look | live split demo with commentary | 3 hooks + 1 main script | 3:44

PART 1 | HOOKS

Three openers. All run to 00:06 and hand over to the shared body at 00:07.

HOOK A | Original

CLIP / TIME	SCRIPT
00:00	
00:00	**UGC:** So we've got the most popular long wear lipstick in the country on this side of her mouth, and this on the other side.
00:06	**UGC:** Let's see which one your mouth actually wants.

HOOK B | The practice lip

CLIP / TIME	SCRIPT
00:00	*ACTION: She holds up a silicone practice lip, then puts it down out of frame and turns the camera to a real woman in the chair.*
00:00	**UGC:** Every lipstick demo you've ever seen is done on one of these.
00:03	**UGC:** I can't do that with this one. I'll show you why.

HOOK C | Watch the second coat

CLIP / TIME	SCRIPT
00:00	*ACTION: Macro, split mouth, both sides freshly done and looking identical.*
00:00	**UGC:** These two look exactly the same going on. They are not the same.
00:05	**UGC:** Watch the second coat.

PART 2 | MAIN SCRIPT (SHARED BODY)

Runs identically under all three hooks. Total runtime with any hook, roughly 3:44.

CLIP / TIME	SCRIPT
00:07	
00:07	**UGC:** And before anybody asks why I'm doing this on a person.
00:11	**UGC:** Every demo you've seen is done on one of these, because it does not matter what you put a fixed colour on. It'll look the same on silicone as it does on you.
00:22	**UGC:** I can't do that with this one. It needs a real mouth, because it's reading one. Hold that thought.
00:30	

CLIP / TIME	SCRIPT
00:30	**UGC:** First coat of the long wear. Honestly, fine. Clean edge, good colour. This is why everybody buys it.
00:39	
00:39	**UGC:** Now watch the second coat.
00:42	**UGC:** It's already more than the lip can hold. And because that formula is heavy, watch what the edge does by lunchtime.
00:51	
00:51	**UGC:** Now this side. One swipe.
00:54	**UGC:** It goes on completely clear. There's nothing in it.
00:58	
00:58	**UGC:** And now look.
01:01	**UGC:** That colour isn't out of the tube. It's out of her. That's why I couldn't do it on silicone.
01:09	
01:09	**UGC:** Hours later. The long wear side is in her lines. This side hasn't moved.
01:17	**UGC:** Same mouth, same lips, same day. The only difference is what's on them.
01:23	**UGC:** And what this side is doing that you can't see, that's the part nobody over here has heard. Let me explain.
01:31	
01:31	**UGC:** I trained in Seoul. Fifteen years doing makeup there before I moved here.
01:37	**UGC:** And when I got here, I was genuinely shocked. Every client, every best of list, every shop. Long wear, long wear, long wear. Like it was new.
01:49	**UGC:** Long wear isn't new. Back home it's the old one. My mother wore long wear.
01:56	**UGC:** We moved past it years ago, and nobody here got the memo.
02:01	
02:01	**UGC:** Here's why we moved past it. A long wear colour grips the outside of your lip. That's the whole technology. It's a shell.
02:11	**UGC:** And when the formula is that heavy, the shell breaks where your mouth moves most, which is the edge. That's your feathering. And it pulls at you all day.
02:23	**UGC:** On a young mouth you get away with it. On a mouth over 40, drier, with lines around it, you're putting a heavy fixed colour on a surface that was always going to move it somewhere.
02:37	
02:37	**UGC:** This side isn't a shell.
02:39	**UGC:** There's no colour in it. It reads the pH of your own lips and builds your shade out of that. Then it binds to the tissue.
02:49	**UGC:** The long wear sits on your mouth and holds on. This one doesn't have to hold on, because it isn't on you.
02:58	
02:58	**UGC:** And at night it comes off with a cloth. Nothing to scrub at.
03:03	

CLIP / TIME	SCRIPT
03:03	**UGC:** One more thing, because nobody over here will say it out loud.
03:07	**UGC:** Look at her lines. Both sides. They're still there, they're hers, and they're staying. The colour just isn't in them.
03:17	
03:17	**UGC:** So here's the real comparison.
03:19	**UGC:** One of these you'll top up at lunch and check in your phone four times before dinner.
03:26	**UGC:** The other one you'll forget you're wearing.
03:30	
03:30	**UGC:** Buy one get one free, two for the price of one, thirty days to send it back. Link's below.
03:38	**UGC:** And do yourself a favour. One swipe, then look.
